PXIe-8135

NOTE TO USERS

NI PXIe-8135 DisplayPort

The NI PXIe-8135 controller uses new DisplayPort 1.1 technology for display connections. Some issues have been found with this technology when used in place of VGA, DVI, or other legacy configurations.

In these configurations the video display may appear blank. Please consult the Info Code for updates, fixes, and workarounds.

For more information, refer to the National Instruments Web site at ni.com/info and enter the Info Code `displayport`.
