NOTE TO USERS

Installing a Ferrite for the NI USB-6221/6229 BNC

For maximum device performance in electromagnetically noisy environments, you *must* install the ferrite shipped with the USB-6221/6229 BNC.

Loop the power cabling through the ferrite *at least* five times. Install the ferrite as close as possible to the end of the power cable, as shown in Figure 1.

Figure 1. Installing the Ferrite on the Power Cable
